Naming Rights Campaign

Zip Line \$12,000

Aqua Zip Line (AquaZip'N®) – Dive into Adventure!

The AquaZip'N® is a thrilling poolside attraction that blends the excitement of a zipline with the splashy fun of a rope swing. Here's what makes it stand out:

Key Features:

Zipline Meets Rope Swing: Riders grab a knotted rope and swing out over the pool, launching themselves into the water for a dramatic splash.

Arching Frame Design: The curved structure ensures a clean, dynamic entry into the pool and prevents swing-back for safety.

Self-Retracting Trolley: After each jump, the rope automatically returns to its starting position, allowing for quick, continuous use.

All-Ages Fun: Designed for participants of all sizes and ages, with adjustable rope heights.

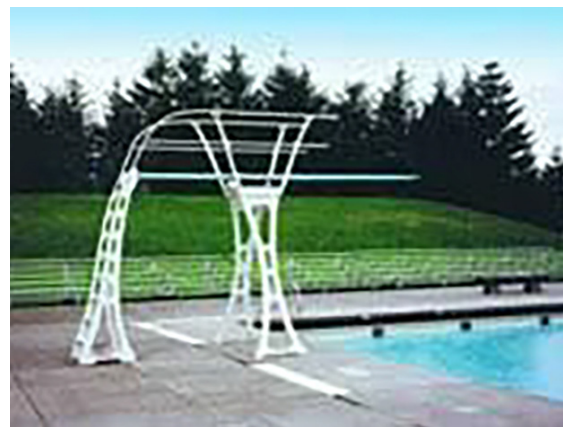

Wild Wet Adventure: \$ 10,000

Wild Wet Adventure is an exciting, family-friendly water play area designed to bring adventure, imagination, and nonstop fun to the Aquatic Center. The attraction can feature **interactive water play structures, spray features, water cannons, dumping buckets, fountains, splash zones, and age-appropriate climbing and play elements.** Children can explore, climb, get soaked, and enjoy the excitement of water play in a safe and supervised environment.

3 Meter Diving Board \$10,000

3-Meter Diving Board – Elevate Your Dive!

A 3-meter diving board is a staple in competitive and recreational swimming facilities, offering a thrilling platform for acrobatic dives and confident plunges. This diving board isn't just a piece of equipment — it's a launchpad for athleticism, grace, and adrenaline. Whether you're training for a meet or just making a splash, the 3-meter board delivers the height and bounce to make every dive unforgettable.

1 Meter Diving board \$8,000

1-Meter Diving Board – The Perfect Entry Point to Diving Fun.

A 1-meter diving board is a classic feature in both public and private pools, offering a safe and exciting way to enjoy diving without the intensity of higher platforms.

Here's a full breakdown of what makes it special: This diving board is a gateway to aquatic adventure—low enough for comfort, but springy enough for excitement. It's a reliable and fun addition that invites everyone to take the plunge.

Luna #1 \$7,000

Splashpad Luna N°1 – Spin, Spray, and Social Play

The Luna N°1 by Vortex is a dynamic, interactive water play feature from the Explora Collection, designed to engage children through motion, tactile feedback, and collaborative fun.

It's a standout addition to any Splashpad®, combining kinetic play with cognitive development.

Shade Structure 10 x 20 \$6,800

Aquatic Shade Structures – Cool Comfort Meets Splash Zone Style

Aquatic shade structures are essential features in waterparks, splash pads, pools, and recreational areas, offering protection from the sun while enhancing the visual appeal and comfort of the space.

These structures are engineered to withstand wet environments, high winds, and UV exposure, making them both functional and durable.

Shade Structure 12 x 12 \$6,200

Aquatic Shade Structures – Cool Comfort Meets Splash Zone Style

Aquatic shade structures are essential features in waterparks, splash pads, pools, and recreational areas, offering protection from the sun while enhancing the visual appeal and comfort of the space.

These structures are engineered to withstand wet environments, high winds, and UV exposure, making them both functional and durable.

Baby Bungee \$6,000

Aquatic Baby Bungee – Bounce Into Splashy Fun

The Aquatic Baby Bungee by Empex Watertoys® is a delightful water play feature designed specifically for infants and toddlers aged 6 to 24 months.

It's a rare gem in splash pad design, offering a safe, shaded, and engaging experience for the youngest visitors.

TIKI Hut Concession: \$ 5,000

The Tiki Hut a tropical-themed concession located near the pool deck, offering families a convenient place to grab food, drinks, and treats without leaving the aquatic center.

Aquatic Basketball Goal \$5,000

Aquatic Basketball Goal – Make Waves with Every Shot!

An aquatic basketball goal brings high-energy fun to any pool, combining the thrill of hoops with the splash of water. Whether you're outfitting a public aquatic center, a resort, or a backyard pool, this feature turns swimming into a full-court experience. From casual poolside fun to competitive water games, an aquatic basketball goal is a slam dunk for any aquatic space.

Helico Nano \$5,000

Helico Nano – A Spiraling Splash of Wonder

The Helico Nano is a dynamic aquatic play feature designed by Vortex to captivate users of all ages with its mesmerizing motion and interactive water effects. It's a compact yet visually stunning addition to splash pads, PoolPlay™ areas, and water parks.

Water Palm \$5,000

Water Palm™ – Tropical Flair Meets Splash Pad Fun

The Water Palm™ by Water Odyssey™ is a vibrant, palm tree-inspired aquatic play feature designed to bring a tropical aesthetic and interactive water experience to splash pads, waterparks, and themed aquatic zones. It's both decorative and functional, offering shade-like visuals and refreshing sprays.

Turn around Two \$4,000

Turn-A-Round Two™ – Interactive Water Play with a Twist

The Turn-A-Round Two™ by Water Odyssey™ is a taller, more dynamic version of the original Turn-A-Round, designed to engage children with hands-on water manipulation and playful discovery.

It's a standout feature for splash pads, aquatic playgrounds, and interactive water zones. The Turn-A-Round Two™ invites curiosity, movement, and social interaction—perfect for encouraging STEM-style learning through play.

Turn Around One \$4,000

Turn-A-Round One™ – Spin, Splash, and Discover

The Turn-A-Round One™ by Water Odyssey™ is a compact, interactive water play feature designed to spark curiosity and hands-on fun for younger children.

It's the original version in the Turn-A-Round series, offering a simple yet engaging experience that encourages exploration and movement. Perfect for early childhood zones, daycare splash pads, or community parks. Turn-A-Round One™ delivers joyful, interactive water play in a compact footprint.

Starting Blocks \$3,000

Swim Team Starting Blocks – Launch into Speed and Precision

Starting blocks are essential equipment for competitive swimming, designed to give athletes a powerful and stable platform for explosive race starts.

Funbrella \$3,000

Funbrella® – Giant Shade with Serious Style

The Funbrella® is a permanent umbrella-style shade structure designed by Anchor Industries to provide vibrant, durable protection from the sun in outdoor recreational spaces.

Whether you're outfitting a waterpark, playground, resort, or school, Funbrella delivers both function and flair.

Wave Play Area \$1,500

Aquatic Wave™ – Flowing Motion Meets Playful Energy

The Aquatic Wave™ is a stylized water play feature designed to mimic the graceful motion of ocean waves while delivering interactive splash fun. Often found in splash pads, aquatic playgrounds, and themed water parks, it blends visual artistry with dynamic water effects to create an immersive experience.

Directional Spray Jet \$1,000

Aquatic Directional Spray Jet – Precision Play in Every Stream

The Directional Spray Jet is a staple in splash pads and interactive water play areas, offering a focused stream of water that can be aimed and adjusted for maximum fun and engagement. It's a simple yet powerful feature that encourages movement, experimentation, and sensory play.

Spray Jet \$1,000

Aquatic Spray Jet – Precision Splash Meets Playful Energy

An Aquatic Spray Jet is a versatile water feature commonly found in splash pads, water parks, and interactive fountains. It delivers focused streams or misting sprays that encourage movement, sensory play, and cooling refreshment. These jets can be embedded in the ground or mounted on structures, and they're often used to create dynamic water choreography or tactile experiences.

Bubblers \$1,000

Aquatic Bubblers – Gentle Bubbles, Big Benefits

Aquatic bubblers are interactive water features commonly found in splash pads, fountains, and play zones. They produce soft, vertical streams or bubbling effects from ground-level nozzles, creating a playful and sensory-rich experience for children and families.

Pool Lounge Chair \$150.00 Reserved Seat for 2 Year ***Aquatic Pool Lounge Chair – Soak, Sunbathe, and Stay Stylish***

An aquatic pool lounge chair is the ultimate blend of comfort and design, made specifically for use in the water—typically on a tanning ledge, sun shelf, or shallow pool area. These chairs let you recline and relax while staying cool, making them a must-have for resort-style pools, luxury backyards, and splash zones.

Etched Brick \$150.00

With your brick sponsorship, you can add a personalized laser engraved stone to the Mt. Carmel City Aquatic Center. These stones will be permanent parts of the Aquatic Center landscape, and the donations will go towards our Aquatic Center Building Campaign fund. Inscribing one of these stones is a unique opportunity to advertise your business, honor a loved one with a disability or even memorialize someone with a disability that made an impact on your life.

For more information on reserving naming rights or to purchase a brick please contact Mayor Joe Judge at 618-262-4822 or email at mayor@cityofmtcarmel.com

Donations to the Mt. Carmel Aquatic Center Project can be made to:
